Subject: Microsoft Settlement

To whom it may concern:

Please allow the Microsoft settlement to go through as presently outlined. Please stop harassing Microsoft! I believe their products are a great value and Microsoft is constantly improving them. Microsoft has succeeded against competitors because their products keep improving and are better and are easier to use than the competition, not because Microsoft has a monopoly.

I deeply resent that you are using my taxes to hamper and harass Microsoft. The competitors should improve their products to compete with Microsoft, not use the government to mandate an unfair playing ground.
